## 600 DEAD IN BIG FOREST FIRES

### SHERMAN REPUDIATED AND PLAYED BY PRESIDENT TAFT

Vice-President Is Scored for the Part He Took in the Republican State Convention Clash in New York

NEW YORK Aug 23—President Taft has repudiated Vice-President Sherman as well as other Republican leaders in New York state, who assisted in the defeat of Theodore Roosevelt for temporary chairman of the Republican state convention to be held in Saratoga next month.

This came in a letter from President Taft at Beverly Mass. his summer home, dated Saturday to Lloyd C. Griscom, president of the New York county Republican organization, who proposed Colonel Roosevelt for temporary chairman of the convention and who was subsequently defeated.

When Colonel Roosevelt read President Taft's letter at Oyster Bay he said: "I am very glad to see President Taft's letter and am pleased with it."

#### ALL THE BOSSES AWAY.

By accident or design all of the Republican bosses who aided the Vice-President in defeating Colonel Roosevelt and who were not only repudiated by the President but who were likewise charged with double dealing were beyond all communication tonight.

Timothy L. Woodruff, chairman of the state committee who was most bitter in his denunciation of Roosevelt and loud in his statements that he had the backing of the President was reported to be camping in the Adirondacks. William T. Ward, Republican national committee man from New York, was not at his home in Port Chester. Vice President Sherman will come to New York tomorrow to avoid meeting Colonel Roosevelt, who will be there.

#### REFUSED AID TO ROOSEVELT'S FORCES

To make his charge of double dealing against Vice President Sherman doubly strong President Taft says Sherman talked the situation in New York state over with him over the long-distance telephone Monday of last week the day before the meeting of the state committee and urged that Senator Root be named as temporary chairman of the state convention.

President Taft adds that he protested against the use of Senator Root's name and peremptorily declined to be drawn into a fight against Mr. Roosevelt.

He adds that he had no knowledge whatever that Vice-President Sherman was a candidate until he read of the result of the meeting of the committee in the newspapers.

President Taft further declares that all statements that he desired the defeat of Colonel Roosevelt or favored the election of Vice President Sherman are "absolutely untrue."

#### The President's Letter

His letter was made public by Mr. Griscom tonight and is as follows:

Beverly, August 22, 1910.  
My Dear Mr. Griscom: As you know from your telephone conversation with my office I have steadfastly refused to admit the propriety or necessity for the President's replying to newspaper statements which are not based upon any act or authorized word of his, and have no sponsor. I am entirely willing, however, to reply categorically to your telegram of August 19th, which has just arrived and which I as follows:

I am informed and believe that several members of the New York Republican State Committee who voted for Vice-President Sherman over ex-President Roosevelt as nominee for State chairman of the State convention were informed by statement that the Vice-President's name was presented to defeat Colonel Roosevelt in accordance with your wish. A member of the State committee declared to me before the meeting that Mr. Sherman's candidacy had been arranged with you by telephone the previous day. Efforts have been made to create an impression that you favor a particular candidate for election as State chairman. I want you to know that the injection of the name of a high member of your administration into a factional conflict has produced a most complicated situation and the absence of any authoritative information as to your attitude is seriously misleading many Republicans and impairing a movement for progressive party leadership and clean government in this State. I know you desire us to have a fair field and hope that this may be made clear to the public.

### PROMINENT IN THE BIG POLITICAL IMBROGLIO

PRESIDENT TAFT

VICE-PRES. SHERMAN.

COLONEL ROOSEVELT

ment for progressive party leadership and clean government in this State. I know you desire us to have a fair field and hope that this may be made clear to the public.

The suggestion that I have ever expressed a wish to defeat Mr. Roosevelt for temporary chairmanship of the convention or have even taken the slightest step to do so is wholly untrue. I never heard Mr. Sherman's name suggested as temporary chairman of the State convention until I saw in the newspapers of August 18th that he had been selected at the meeting of the committee. When you called at my house Saturday evening August 14th you told me that Mr. Roosevelt intended to go to the convention as a delegate and your suggestion incidentally his being made temporary chairman, a suggestion in which I acquiesced. It did not occur to me that any one would oppose it. This

was the first time the subject of the temporary chairmanship was mentioned to me by anyone. You did not ask me to take any action whatever with respect to it.

#### Telegram to Sherman

After a full discussion of the New York State situation I drafted in your presence the following telegram and sent it to Mr. Sherman:

"Hon. James Sherman Vice-President Utica N. Y.—Please say to Ward and Woodruff that I had a long conference with Griscom. He confirms my judgment already expressed to you that the whole situation in New York may be saved without any humiliation to anyone and with victory for the party by a full conference with Mr. Roosevelt and reasonable concessions with reference to platforms and candidates. 'The thing is a controversy; in the convention I am told by Mr. Griscom that such a conference with Mr. Roosevelt might conveniently be had and would be welcomed by him before the State committee meets on Thursday. Hope you will be able to report satisfactory solution when you come on Wednesday.'"

"WILLIAM H. TAFT"  
On the afternoon of Monday August 15 Mr. Sherman telephoned me from New York and for the first time apprised me of the fact that there was a proposal to oppose Mr. Roosevelt for the temporary chairmanship and that with Mr. Root's name. No other name than Mr. Root's was mentioned. I protested against the idea of a contest in such a matter and declined to be drawn into a fight with Mr. Roosevelt and again renewed my urgent advice that there be prompt conferences with Mr. Roosevelt before the committee meeting, with a view to securing harmony and victory for the party.

Mr. Sherman called upon me on the 17th instant to meet an engagement of a week's standing made with Mr. Loudenslager to discuss the Congressional campaign book. Mr. Loudenslager was prevented from coming by an illness. During the conference with Mr. Sherman I told him I deplored the result of the meeting of the New York State committee because unless the break was repaired it meant division between New York Republicans and probable defeat. Upon leaving me Mr. Sherman agreed to go into conference with Mr. Roosevelt providing he were invited to do so with a view of adjusting the situation if possible, even at that late date. Mr. Nicholas Longworth was present and said he would send a telegram to bring about a conference. What the result has been I do not know.

#### Favors No Candidate

Finally, in your telegram received this morning you state that efforts have been made to create the impression that I favor a particular candidate for election as State chairman. This is absolutely untrue. I have expressed no opinion on the subject since an effort was made last winter by the New York congressional delegation to secure Mr. Woodruff's re-election, which failed.

I am very sorry indeed to observe columns of unfounded assertions in the newspapers concerning my attitude in respect to the New York situation. You know, however, as well as other New York leaders that whenever my advice or assistance in reaching a satisfactory adjustment of the difficulties arising has been sought I have urged the necessity for the fullest conference with Mr.

#### Furniture Auction Sale

We have received instructions from the Jenkens Furniture Company 2051 Alston way near Shattuck ave., Berkeley, Cal. Wednesday August 24 at 10:30 a. m. open for inspection Tuesday. Comprising in part a complete and extra fine stock of weathered, turned mahogany and bird's eye maple furniture. Fine assortment of rugs etc. All must and will be sold.

J. A. MUNRO & CO., Auctioneers.

### WISE, THE PIRATE, LOSES HIS NERVE FEDERAL OFFICIALS HAVE CHARGE

Snapshot of Prisoner—GEORGE W. WISE, in center in handcuffs, POLICEMAN CASEY on his left, being taken off the steamship Buckman.

### JAILED PIRATE TO BE TRIED ON CAPITAL CHARGE

Wise, Slayer of Buckman's Master, Turned Over to Uncle Sam.

SAN FRANCISCO Aug 23—Following the coroner's inquest over the body of Captain E. B. Wood, who was shot and killed aboard his steamer, the Buckman, G. W. Wise, the pirate who was captured and put in the federal custody to be tried for a capital offense.

This morning Wise who has been suffering from a mental breakdown was taken into the identification bureau photographed and measured by the Bertillon system. His thumb prints were also taken and he was put through the regular form of examination. He was then returned to his cell.

#### WISE BLAMES COMPANION

Wise is extremely talkative, and is anxious to throw all the blame upon his companion in crime who is believed to have been lost at sea. He realizes that he faces the death sentence as the result of his piratical adventure, and is fearful of the outcome.

"I did not want to do it. I held back until the last," he protested this morning as the officers were adjusting his head to the proper pose for the photograph. "What will they do to me?" he asked, and yet the answer which he read in the faces of all could be plainly seen to have been haunting him throughout the long night in his gloomy cell at the prison.

#### FACES DEATH PENALTY.

Piracy on the high seas has ever been a capital offense and combined with

### Victims of the Forest Fires In Washington and Idaho

SPOKANE, Aug 23—Following is a partial list of the dead to date in the forest fire areas of Northern Idaho and Northeastern Washington:

LOU HOLMES, Spokane.  
THOMAS WELSH, Spokane.  
GEORGE ZEIGLER, Newport, 57 years of age.  
MRS. ERNEST DEMHARDT, Newport.  
GEORGE CAMPBELL, Newport.  
THOMAS CARRIE, Newport.  
CADDY, rancher, Newport.  
DAVIS, rancher, Newport.  
HENRY LIERMAN, Garwood, Idaho.  
V. NICHOLSON, aged 17, Gem, Idaho.  
LARRY RYSON, aged 50, Wallace.  
LESLIE SELLER, 18, Gem, Idaho.  
S. D. ADAMS, 30, Chicago.  
A. RENSTON, Hillsdale, Wis.  
ERNEST ELGIN, 60, Wallace.  
WILLIAM McKEY, of Taft, dead at Saltese.  
RODERICK AMES, rancher, Big Creek.  
JOSEPH BEAUCHAMP, rancher, Big Creek.  
JOSEPH C. BOYD, Wallace.  
JOSEPH FENE, Placer Creek.  
WILLIAM HEARMOUTH, War Eagle Mine.  
JOSEPH SMITH, burned near Mullan.

"FRENCHY," familiar Spokane character, killed on Placer Creek.

J. M. WILLIAMSON, fireman, killed near Pocconno.  
MRS. A. L. GREGORY and two children, Newport, reported dead.

Eighteen settlers and their families living on the Spokane road near Newport, in Northeastern Washington, near the Idaho border, are still unaccounted for, according to word brought to Spokane today.

The homesteads of these settlers are in the burned district and it will be impossible to reach them for several days.

Twenty million feet of white pine timber near Dulcannon was completely destroyed, the trunks of the trees being entirely consumed, leaving the ground as clear as a table.

### Osage Indians to Be Quizzed by Solons

SULPHUR, Ok., Aug 23—The select committee of the house which is investigating Indian land contracts and the Gore bribery charges left today for Pawhuska, Oklahoma. The committee will go to Oklahoma City and to the Chickasaw Indian reservation. The next hearing will be held at Pawhuska among the Osage Indians probably tomorrow or Thursday morning.

### Gaynor Leaves Bed; Walks Around Room

NEW YORK Aug 23—Mayor Gaynor expected to remain a couple of hours out of bed today sitting in his arm chair and walking about the room. None of his attending physicians remained with him last night.

### GO TO DEATH IN FLAMING WOODS NEAR THE COEUR D'ALENE

Government Reports  
Say 300 Volunteers  
Are Now Missing  
From Ranks

Several Large Crews Are  
Also to Be Accounted  
For in Other Mon-  
tana Sections

SPOKANE Wash Aug 23—Nearly the whole panhandle of Idaho, timbered mountain country is on fire and it is possible that 400 people may have perished. U. S. Forest Supervisor W. R. Wrigle has not heard from three hundred of his men who were in the burning woods and he fears that they have perished. The other loss of life is estimated at one hundred. The mining town of Wardner is almost surrounded by flames and the miners are out fighting the fire.

#### FIRE BEYOND CONTROL.

The fires in the great Coeur d'Alene National forest are quite beyond control and timber worth millions of dollars is burning. The fires on the Coeur d'Alene Indian reservation are checked as are those in the Fairbairn National forest. Along the St. Joe River which runs through what is described in the maps as "The largest body of standing white pine timber in the United States" there is a continuous fire from Plummer to a point in Montana. The United States is the largest loser of property and next in importance are the losses sustained by the Chicago Milwaukee and Puget Sound railway which has suffered destruction of its bridges buildings and timber lands for forty miles.

#### VIRGIN FOREST BURNING

The fires along the Northern Pacific in Western Montana have diminished. They were raging in timber that had been fire swept in former years but the Idaho fires are burning virgin forest.

The Bend d'Oreille valley, heavily timbered is on fire in several places and loss of life is feared. It is difficult to get news from this section.

For the first time to-day the sky in Spokane is darkened by the smoke. The weather bureau says no rain in any part of the burning country is in prospect.

#### MORE TROOPS SENT.

Dispatches received by the local offices of the Chicago Milwaukee and St. Paul Railroad state that four of the soldiers of the company G (25th) negro U. S. Infantry sent out from Fort George Wright to fight the fires are missing. The dispatches also say that a number of families in the vicinity of Avery have been burned out and a large number of people are dead and missing.

Milwaukee employees at Avery say

### LEGISLATURE IS CALLED INTO SESSION

State Solons to Convene for  
Purpose of Raising \$5,000,000  
for Panama Exposition

SACRAMENTO Aug 23—Governor Gillett today issued a call for a special session of the legislature to convene in this city Tuesday September 6, for the purpose of raising \$5,000,000 by bonding the state for the benefit of the Panama Pacific Exposition at San Francisco in 1915, provided Congress designates the

\$20,000 ESTATE AWARDED GIRL OF FOURTEEN

Helen Van Order Possessor of Fortune Left by Her Grandmother

SAN FRANCISCO, Aug. 23.—Helen Van Order, a fourteen year old girl, is the proud possessor of a \$20,000 estate which was this morning given into the care of her guardian, Mrs. Hattie Ferris, of 514 Frederick street, by Superior Judge Graham. The child is the daughter of Frank Van Order, who ten years ago was divorced from his wife.

OAKLAND EAGLES GO TO HAYWARD

Drum Corps and Degree Team Will Boost for Eden Aerie.

At eight o'clock tomorrow evening, the Drum Corps and Degree Team of Oakland Aerie No. 7, Fraternal Order of Eagles, accompanied by the officers and members in a body, will leave for Hayward by special car from 18th and Franklin streets. They will pay a fraternal visit to Eden Aerie of Eagles, and the Degree Team under the leadership of Danny O'Day, will render the floor work, while the officers of Oakland Aerie will exemplify the ritualistic work of the initiation of a class of candidates.

Railroad Is Blamed For Fatal Collision

Coroner's Jury Holds the Northwestern Pacific Responsible for Accident.

SAN FRANCISCO, Aug. 23.—The Northwestern Pacific Railway Company was found responsible for the accident resulting in the death of a man and a woman on August 9 by the coroner's jury sitting here this afternoon. The case under investigation was that of W. J. Burton, a manufacturer, of 2428 Broadway street, Berkeley, who was killed in the disaster.

Confessed Burglar Is Held to Answer

Walter Haselbush, former employee of the gas company who has confessed to having broken into five Oakland residences to commit burglary, was held to answer for the burglary of Smith's room on a charge of having stolen \$200 worth of clothing and jewelry from the residence of I. Harrison Clay. He was bound over to the Superior Court on cash bail of \$2000.

Sick Clerk Finds \$50,000 in Bedpost

Waverly, N. Y., Aug. 23.—Edward Powers, a poor young girl, clerk of this hotel, had the unique experience today of finding a fortune of \$50,000 while trying to arise from his bed, to which he had been confined for some weeks. This fortune, which was composed mainly of stocks and bonds, had been hidden away in a bedpost by Powers' eccentric uncle, E. H. Waverly, when the uncle died ten years ago his nephew searched in vain for the hiding place.

Improvements in Oakland City Begins Work of Dredging on Waterfront for Construction of Livingstone Wharf

Despite the fact that no compromise has been effected between the Pacific Steel and Wire company and the City of Oakland over the ownership of the tidelands at the foot of Livingstone street, the city has quietly occupied the site in question and work has been commenced on the first piece of waterfront improvement under the great harbor improvement bond issue. The dredging is being done under a \$13,000 contract, while the wharf will be constructed under a contract with Cotton Bros. involving an outlay of \$119,000.

Actual Work Done. The first actual work on harbor improvement was done ten days ago on this Livingstone wharf, and since that time the Atlantic Gulf and Pacific company has been taking out between 10,000 and 15,000 cubic yards of mud with the big dredger that has been towed to the site. The work is preliminary to the actual construction of the wharf, the contract for which has been let by the Board of Works to Cotton Brothers of Oakland.

Daring Fiend Attacks Girl; Screams Quickly Bring Help

Called to the front door of her home by a rough looking stranger, who had evidently been watching the house and had seen her mother leave, Miss Amelia Wisbey, of 659 Fifth street, suddenly found herself locked in the embrace of the man. The girl, who is fourteen years of age, and the daughter of Mrs. Why, felt herself born back from the doorway into the hall and heard the door slam behind her.

BURGLARS ACTIVE IN THE SUBURBS

Sneak Thieves Break Into Two Houses in San Leandro.

SAN LEANDRO, Aug. 23.—Two more burglaries reported yesterday to Marshal Geisenhofer are added to a long list of burglaries which have been committed in this vicinity in the last week or so. The homes of B. Jones and J. E. Deaudy, both on the Broadmoor tract, were entered Sunday evening, early, and the houses thoroughly ransacked. In the home of Jones the burglars entered by forcing the rear door and made off with about \$5 in cash and a large amount of silverware. Jones once directly met the burglars as they entered the house and he has since been unable to make arrangements for the sale of the place, as he says that he intends to look after the house for a residence. They were at home at the time that the house was entered.

Burglar Steals to Clothe His Baby

BERKELEY, Aug. 23.—A burglar who is evidently the father of a two-year-old child, entered tent No. 98, occupied by Mrs. J. Thornton, a delegate to the conference of Seventy Days Adventists, some time last night and stole a suit case filled with baby clothing. The theft was reported to the police and later Special Officer McCabe reported that several other suits were also entered but nothing was stolen from them. The police are now looking for a baby wearing stolen clothing.

Girl Slayer Pleads the Unwritten Law

NEW ORLEANS, Aug. 23.—The state will ask for execution of Miss Maud McLaughlin of murder in the first degree, according to the announcement of District Attorney St. Clair today, at the opening of the trial of the girl who shot and killed Hugh Smith, a well to do man about town. Miss McLaughlin pleads the unwritten law for killing Smith, by whom she alleges, she was betrayed and cast off.

Education Board to Discuss Contracts

The regular meeting of the directors of the board of education will be held tonight in the rooms of the board in the Central Bank building. One of the reports to be recommended by the committee on schoolhouses and sites will be the acceptance of contracts which have been completed in the different schools. The routine business of the board will be transacted at the session.

ENGINEER OF BODY OF CHAS. H. KING CARRIED TO RESTING PLACE PATROL BOAT KILLS HIS MAN

Joseph P. Liddy, Special Officer, and Charles Winter Arque; Latter Is Dead

SAN FRANCISCO, Aug. 23.—Joseph P. Liddy, engineer on the police boat Patrol No. 1, and special officer in the local department, shot and killed Charles Winter Arque, 28 years old, a sailor, at the Salton Union headquarters at 47 East street at 11:45 this morning. The shooting was the result of an argument between the two men. Liddy was said to be in an intoxicated condition at the time.

Thief Hides in Pev; Desecrates Altar

Candelabra Stolen from St. Joseph's Catholic Church; Burglar on Knees.

SAN FRANCISCO, Aug. 23.—The sanctuary of St. Joseph's Catholic church was desecrated yesterday by a thief who had been kneeling in the pews awaiting a favorable opportunity for robbery.

Strike Pictures Put Under Ban by Union

Washington, Aug. 23.—A campaign against the display of motion pictures of strikes and strikebreaking scenes was opened last night at a meeting of the Washington Central Union.

German Clubs Plan to Produce Four Plays

BERKELEY, Aug. 23.—Arrangements for the presentation of a program consisting of four Shroveville plays by Hans Sachs have been made by the German clubs of the University of California. The program will be given the evening of September 5 in the Hearst Greek theater.

Entertains in Honor of Eastern Woman

BERKELEY, Aug. 23.—In honor of Dr. Anita Newcomb McGee of Washington, D. C., Mrs. Fredricka E. Lidd, former state regent, D. A. R., is this afternoon entertaining at her residence on College avenue. Invited to meet the guest of honor are the regent and the board of directors of the chapters around the bay and other guests.

Fruitvale Man Off for Eagle Convention

FRUITVALE, Aug. 23.—Charles Lee, a Fruitvale really man, left yesterday to attend the annual Grand Eagle convention of the Eagles at St. Louis. He is the delegate of the Fruitvale Aerie No. 1276, of which he is the junior past worthy president.

Capitalist's Funeral Held From Late Residence; Demise Mourned by Hundreds of Oakland Friends

The funeral of the late Charles H. King, capitalist, public-spirited citizen and promoter of a number of enterprises in this city, took place this afternoon at 2:30 o'clock, from the late residence of the deceased, 1029 Sixth avenue. It was attended by a representative gathering of the business men and manufacturing concerns in this city with whom the deceased had been intimately associated in life.

The remains, at the conclusion of the exercises, which were simple and unostentatious, in keeping with the tastes and wishes of the deceased, were borne to the vault in Mountain View cemetery, where they will remain till they can be placed to final rest in a mausoleum, the construction of which is to be undertaken immediately.

In massive casket. In the main parlor of the home the remains lay in a massive casket, on the lid of which lay a beautiful floral pall, the tribute of the family of the deceased. On all sides were floral pieces, which had been sent by personal friends of the deceased, as also all of the fraternal and social organizations of which King had been a member, but also a leader in life. Many of these symbols of sorrow were of a most elaborate character and showed how elaborately the news of the death had been received by the members.

Governor's Proclamation for Special Session of Legislature

(Continued from Page 1)

California metropolis as the exposition city. The governor's proclamation follows: Whereas, An extraordinary occasion having arisen, and now existing requiring the legislature of the state of California to convene. Now, therefore, I, James N. Gillett, governor of the state of California, by virtue of the power and authority in me vested by Section 3, Article V, of the Constitution of the State of California, do hereby convene the legislature to meet and assemble in extraordinary session at Sacramento, California, on Tuesday, the 8th day of September, 1910, at 10 o'clock a. m. of that day, for the purpose of proposing to the people of the state amendments to the constitution of California to be voted upon at the next general election, upon the following subjects, to-wit:

First—The raising of the sum of \$5,000,000 by the state of California for the purpose of assisting in the establishing, maintaining and supporting the Panama-Pacific International Exposition to be held in the city and county of San Francisco in the year 1915, and providing for a state commission to have the exclusive charge and control of said sum of money, and to expend and disburse it for such purposes, acting in conjunction with the directors of said exposition; also providing that the said Panama-Pacific International Exposition be exempt from all taxes and from all license fees and charges.

Second—Authorizing the city and county of San Francisco to amend its charter by a vote of its electors at either a special or general election, without submitting such amendments to the Legislature of the state of California for ratification and approval, for the following purposes, to-wit: (A)—Incurring a bonded indebtedness which shall be exclusive of the bonded indebtedness now permitted by said charter, in an amount not exceeding five million dollars, and to turn over to the Panama-Pacific International Exposition Company (a corporation organized and existing under the laws of the state of California) the proceeds of said bonds, the same to be used and disbursed by said exposition corporation for the purpose of an exposition to be held in the city and county of San Francisco to celebrate the completion of the Panama Canal.

Third—Authorizing said Panama-Pacific International Exposition Company to use and occupy the portion of Golden Gate Park, westerly from Twentieth avenue, as extended, for said exposition purposes, and placing such portion of said park under the control of said corporation, for such time as shall be necessary for such exposition purposes.

Fourth—Authorizing said Panama-Pacific International Exposition Company to use and occupy the portion of Golden Gate Park, westerly from Twentieth avenue, as extended, for said exposition purposes, and placing such portion of said park under the control of said corporation, for such time as shall be necessary for such exposition purposes.

Fifth—Authorizing the city and county of San Francisco to amend its charter by a vote of its electors at either a special or general election, without submitting such amendments to the Legislature of the state of California for ratification and approval, for the following purposes, to-wit: (A)—Incurring a bonded indebtedness which shall be exclusive of the bonded indebtedness now permitted by said charter, in an amount not exceeding five million dollars, and to turn over to the Panama-Pacific International Exposition Company (a corporation organized and existing under the laws of the state of California) the proceeds of said bonds, the same to be used and disbursed by said exposition corporation for the purpose of an exposition to be held in the city and county of San Francisco to celebrate the completion of the Panama Canal.

Alameda County Float In Native Sons' Parade

Alameda County float in the parade of the Native Sons of the Golden State, which was held in Alameda county yesterday, was a float representing the county of Alameda. It was headed by Joseph R. Knowland and W. B. Garretson, appeared before the board of directors at the meeting this morning. The committee was given a cordial reception and it was assured that the Chamber of Commerce would do everything in its power to assist the float. The float was headed by Joseph R. Knowland and W. B. Garretson, appeared before the board of directors at the meeting this morning. The committee was given a cordial reception and it was assured that the Chamber of Commerce would do everything in its power to assist the float.

FISH TRUST MEN WILL HAVE TO STAND TRIAL

Judge Conley Declares Case Comes Under the Cartwright Law

SAN FRANCISCO, Aug. 23.—The members of the so-called fish trust will have to stand trial for a violation of the Cartwright law as the result of a decision handed down today by Superior Judge Conley. Shortly after their arrest the defendants entered a demurrer to the indictments on the ground that the law was unconstitutional. This morning the court held that by a decision of the third Appellate District Court the law had been held not unconstitutional, and therefore he had no choice but to overrule the demurrer.

Judge Conley added, however, that there was grave doubt in his own mind as to whether the law was indeed constitutional and had doubts as to whether a conviction could be secured.

ASYLUM ESCAPE DECLARED DEAD

Disappeared in 1902 and Has Never Been Seen Since by Relatives.

SAN FRANCISCO, Aug. 23.—Caplan Nica, a contractor, who twenty years ago was sent to the Napa asylum for the insane, was this morning declared legally dead after a disappearance in May, 1902. Soon after he was admitted to the asylum in 1880, Nica escaped, returned to his home in this city and remained for twelve years. He was constantly under guard and was a care to his relatives. Finally becoming restless, he fled in May, 1902, that he was again committed. He was delivered to the asylum authorities with instructions that they keep a strict watch upon him. In a few days, however, he had escaped and has never been seen since.

Some of his friends believe that he may be living and working as a contractor in some other town or city in the country. He was a sub-contractor in the building of the San Francisco city hall.

SWAVE STRANGERS STEAL VALUABLES

Takes Drink With Men and Invites Them to Camp.

Several drinks taken with two swave strangers near Diamond street, and then for Jake Deshan of the Piedmont Paying Company to a little bandit drama in which he lost a gold watch and \$100. Deshan met the two men in a saloon and had several drinks with them, afterward becoming friendly and taking them to the Diamond camp. There he invited them to share his bed with him, and proceeded to undress and go to bed. He did not throw any light upon their whereabouts, and he reported nothing to the police this morning, with a description of the men.

SEEKS TO SHARE IN \$18,000 WILL

Nephew of Susan Blanc Wants Part of San Francisco's Estate.

SAN FRANCISCO, Aug. 23.—A great deal of interest attaches to the settlement in Superior Judge Sturtevant's court of the estate of Susan Blanc, which is valued at \$18,000, and of which Stewart Blanc, a nephew, is endeavoring to obtain a portion.

Prisoner Fells Guard; Makes Second Escape

SEATTLE, Aug. 23.—William Bower, a marine on the gunboat Princeton, escaped from the receiving ship Philadelphia, where he had been held a prisoner at the point of a revolver forced a ferryman to take him across the sound to West Seattle. Bower was being held on a charge of desertion and theft, felled his guard with a monkey wrench and jumped overboard, reaching shore in safety. This is Bower's second sensational escape. Several weeks ago he robbed the locker of a ship mate, called a stolen check at a Bremerton store and at the point of a revolver forced a ferryman to take him across the sound to West Seattle. Bower was arrested later on information furnished by the ferryman who recognized him as a new conductor "breaking in" on an Elliott street car.

and Western Pacific means the bringing to one more stream of wealth to San Francisco, the metropolis of the Pacific coast."

## Oakland's Fine Status Made Known.

The official opening of the Western Pacific railroad to passenger traffic from Salt Lake to Oakland, its western terminus, was the biggest advertisement Oakland ever had. For the first time in its history Oakland received due credit as the western terminus of all transcontinental railroads ending on San Francisco bay.

Oakland's "light has been hidden under a bushel" until yesterday, so far as the people of the Eastern states and Europe have been concerned. It has been assumed that it was merely a suburban village on the outskirts of San Francisco, and nothing more than a bedchamber of that city. That fiction has been fostered so long that Easterners had firmly come to believe in it. It was such notions of Oakland that possessed the group of Eastern newspaper correspondents traveling on the pioneer passenger train of the Western Pacific until they entered Oakland yesterday afternoon and gazed on the hundreds of thousands of its people who lined up alongside the six miles of track extending from the eastern boundary line at Stanley road to the terminal station at Washington street and thronged the business thoroughfares constituting the route of the civic and industrial parade which followed their arrival here. Then the scales fell from their eyes and they realized, for the first time, what Oakland is, namely, a great industrial and commercial center, with a big population, teeming with commercial and industrial activity, and a city of wonderful commercial prospects as the possessor of a commodious, land-locked harbor and a magnificent water front which the energy and enterprise of its people are developing.

This, then, is the story of Oakland's true condition that has started on its rounds of travel abroad, as the result of the personal observations of these wide-awake Eastern newspaper correspondents. They have seen Oakland as it really is. Their vision has been clear enough to comprehend that it is a city of metropolitan proportions, with aspirations reaching out to higher things through the utilization to the fullest extent of the rare gifts with which nature has endowed its site and environment with every promise of their early accomplishment and the attainment of the proud position of ranking among the leading commercial cities on the continent. Henceforth, it is not too much to assume that the eyes of the civilized world will be fixed on Oakland's future progress.

The complete success of the recent apple fair held at Sebastopol, Sonoma county, has started a movement to make these exhibitions annually to promote the interests of the county abroad. A call has, therefore, been issued for a mass meeting for the purpose of incorporating an apple-growers' association and erecting a suitable pavilion for the holding of yearly apple shows. Any county that desires to prosper must exploit its resources through public exhibitions. The annual Cloverdale citrus fair has made known the fact abroad that Sonoma county is in the heart of a flourishing citrus belt which has been for twenty years or more producing as fine oranges and lemons as are grown anywhere in the state. The Sebastopol apple shows will enhance the county's fame in another direction.

One of the pathetic features about yesterday's opening of the Western Pacific railroad to passenger traffic was the total obscuration of Walter S. Barnett, who was the original promoter of the enterprise and through whose untiring energy, persistence and optimism the great task of its construction was undertaken. Unfortunately for Barnett, his success in the promotion of the Western Pacific turned him into a dreamer and evil association with unscrupulous and designing adventurers led him astray into crooked by-paths and he lost his bearings. Poor Barnett is, therefore, under the shadow of the state penitentiary and was not in the limelight of the opening demonstration of the enterprise of which he was the real father. Truly, his case demonstrates that "the way of the transgressor is hard."

## Oakland's Manufacturing Prosperity.

"The more railroads come into Oakland the worse it is for the Oakland manufacturer, and I am one of them," was the extraordinary exclamation of a red-faced pessimist as he witnessed the entry of the pioneer passenger train of the Western Pacific into the Third and Washington street station.

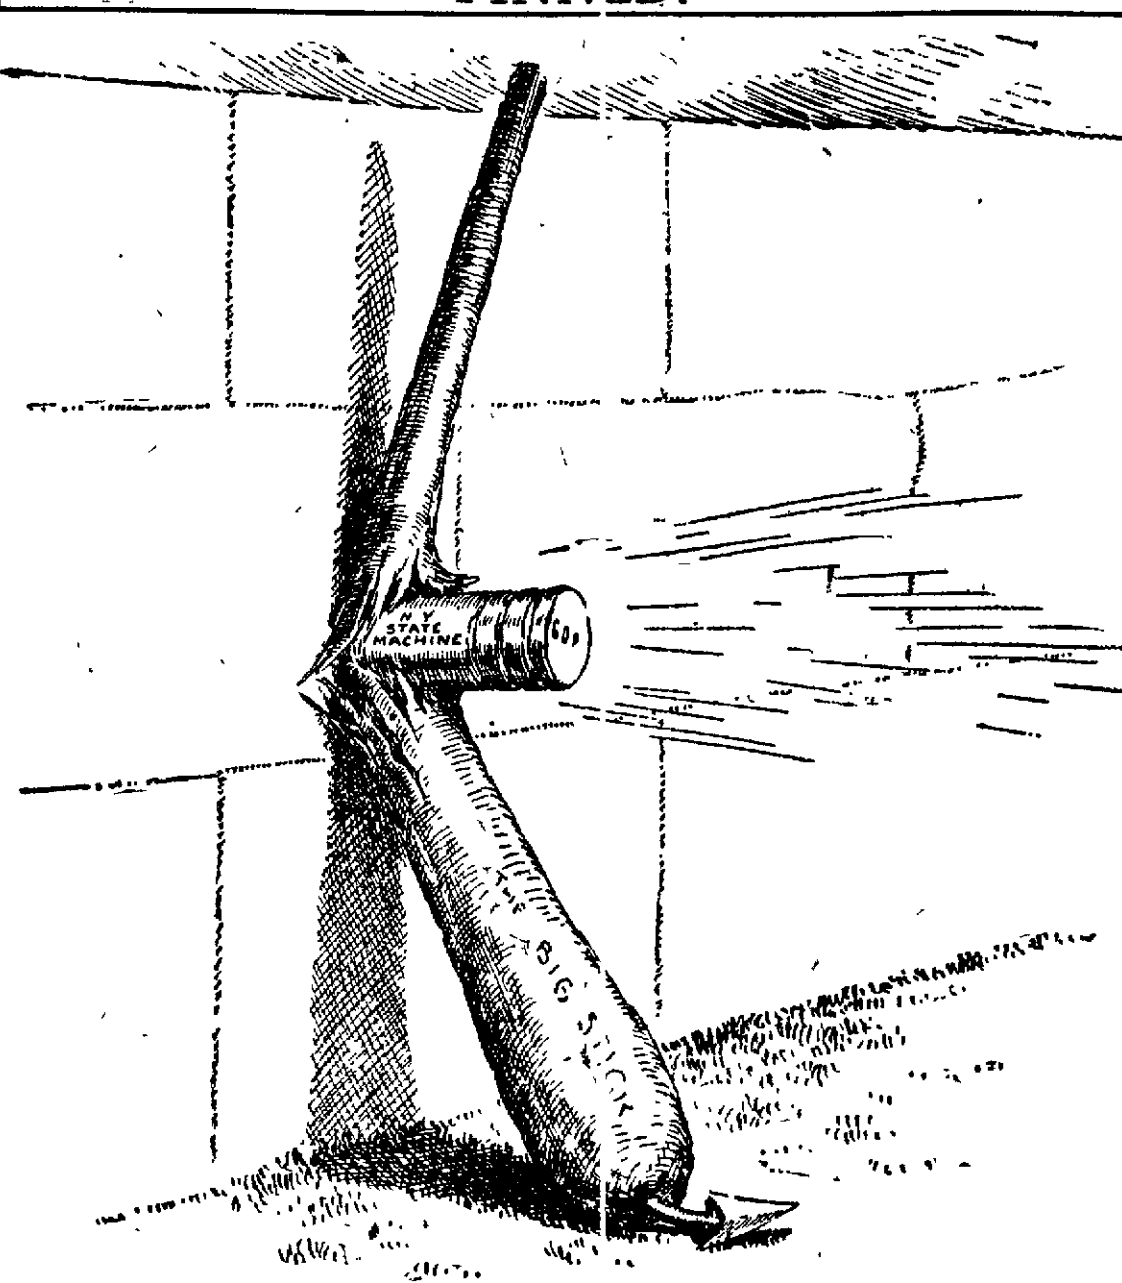

The reply came quick and sharp from one who had overheard the strange statement: "If you so think, neighbor, then you have a much more serious and sober 'think' coming. You should say 'The more railroads we have the better.' Every Oakland manufacturer can today compete successfully with the world, provided he can get the raw material. He has the cheapest fuel in existence, drawn from the California oil fields. He has the cheapest power produced from the Sierran water courses through their conversion into electric energy. If the raw material for his use must come from abroad, the ocean highway is at his command to transport it. If it has to be transported overland the more transcontinental railroads making their termini in Oakland the less will be the cost of delivery. You are off your base, my friend. Think it over again from the right standpoint. You are looking on the wrong side of the shield."

Of course, the pessimist was narrow-minded, the field of his observation was contracted and his knowledge of conditions was at fault.

California manufacturers are becoming less dependent every year on outside territory for their supply of raw material. The successful production of pig iron by the electric smelter at Hemet opens a domestic supply of raw material for the iron and steel industries of Oakland. The electric plant at Hemet has solved the problem of smelting fuel. And California has inexhaustible deposits of the highest grade of iron ore which needed only the discovery of some smelting agent cheaper than imported coke to make them industrially available.

Cotton manufacturing in Oakland, until the past year, depended on the importation of the raw material from the plantations of the Southern states. The success of cotton growing in Imperial county has not only revolutionized the old-time conditions, but the Agricultural Department's experts report that raw cotton can be profitably raised in California from the Mexican boundary to the Oregon line, which promises to put the California cotton manufacturer on a better footing for supplying the markets of the Orient than the New England manufacturer. So long as the Sierran water courses continue to flow and the measures of California oil fields continue to yield the precious fluid, the Oakland manufacturer can rely upon

## PINNED!

NEW YORK WORLD.

a supply of the cheapest fuel and power obtainable anywhere, and the multiplication of railroads centering in Oakland increases the certainty of the prosperity of its manufacturing industries, as they all lead to profitable markets.

The Oroville people did a shrewd thing when they provided the passengers of the first through train of the Western Pacific with a twenty-mile automobile ride through the magnificent citrus belt of which it is the center. It must have been a revelation to the Easterners in the party to find that Northern California is as much of an orange growing country as Southern California and it must have been still more of a surprise to them to learn that the golden fruit ripens in the groves of Northern and Central California from six weeks to two months earlier than it does in the groves of Riverside, Redlands, San Bernardino, Orange county and Los Angeles.

After witnessing the enormous crowds lining the tracks of the Western Pacific from San Leandro to the Washington street station and the multitude packing the streets along the route of yesterday's parade, is there anyone today who doubts that Oakland has a population of over 300,000 or that Alameda county has a population approximating a half million? Such a demonstration smashes United States census returns into smithereens and proves their hollowness and total unreliability.

## EDITORIAL PARAGRAPHS

DEVOTION to UNSELFISH IDEALS immortalizes the memory of men; the AMBITION of amassing wealth is given up for the dream of drawing wisdom to themselves.

THE GREAT SEA of life is not in the future nor in the past, but the ocean source surrounds us NOW, the high tide and the low tides in our affairs ebb and flow at the MANDATES OF OUR MINDS.

THE "KNOW-IT-ALL" man has all faith in himself, but none in others, the BIGOT intolerant of the opinions of others is a TYPICAL TYRANT.

HUMANITY "stoops to conquer" only when the SAINT SERVES SELFISHLY; unselfish humility is the highest honor to the "sure enough" saint.

THE PESSIMIST says to himself and to others "KEEP OUT AND STAY OUT AND POUT," or else "STAY IN; WE CAN'T WIN AGAINST SIN."

BE THOROUGH and you will then be true to your course; CHOOSE, then CHISEL; COMPLETE and don't CO. IPLAIN.

MAN sinks beneath his load when FEAR rises in his heart, DRIVE away his fear and you DIVIDE his load.

JUST JUDGMENT will bar from you the evil hour and give to you power, LOVE in the HEART makes HATE depart.

FAIL to cultivate virtues and the WEEDS of VICE grow wild, WISDOM will never forsake man but wrong-doing will worry.

## OLD STYLE

The straw is oiled in lumbering car,  
Sleek oxen strain the yoke,  
A merry party climbs aboard,  
With laugh and quip and joke  
No well filled basket is forgot,  
With care each parcel's stowed,  
Crack goes the whip, the heavy cart  
Crawls down the country road

The feast is spread in tall oak's shade,  
The fagot fires soon glow,  
Where fragrant lilies dot the pond  
Fond swains fair maidens row,  
Till sounds the welcome call to lunch,  
On fare substantial, plain  
At dusk the care-free, laughing crowd  
Comes lumbering home again.

## NEW STYLE

A whirr, a flash of gaudy car,  
Gay women brightly veiled,  
A disappearing cloud of dust,  
By Butler's swift truck trailed  
A pause on shaded river' brink,  
Big hamper well supplied,  
The clink of ice in slender glass  
French dishes on the side

Fine napery, rich silver's sheen,  
Smart epigram, keen pun,  
A hand at bridge, plain - hist or skat,  
Safe shielded from the sun  
A lazy stroll through Drid grove,  
Filtration, naughty quit  
Six yawns at Nature, swift return  
To welcome town and light.

—Ella A. Flanning, in New York Press.

## WHERE GRAVITY DECREASES

A man falling from a three-story building in New Orleans will not fall as fast as he would if he were in New York city. In fact, in hardly any two places will he fall with the same speed. This is because as we go toward the equator the force of gravity gets less and less and, consequently, the acceleration of a falling body becomes less and the force of impact is therefore less.

While it does not make very much difference in the injury to a person falling from a height it does make a difference in other things. Take a rifle and fire it exactly horizontally, and if the gun is sixteen feet above the ground, say at New York, the bullet fired from such a rifle will strike the ground in exactly one second after it leaves the rifle. If the bullet has a horizontal velocity of a thousand feet per second it will strike the earth exactly 1000 feet away. Let us take the same rifle to a place where the force of gravity is not the same as at New York, but a good deal smaller, say two-thirds smaller. We find that if the gun is placed sixteen feet above the ground as before and absolutely horizontal the bullet will not fall the sixteen feet in one second but will take over one and a half seconds to fall thus enabling the bullet to be in the air during that length of time. Therefore it will strike the ground about 1600 feet away. Thus it is seen that the range of a rifle is increased as it is taken toward the equator.

Of course there is not a place on the earth where the force of gravity is two-thirds smaller than at New York, but there are many places where the difference is considerable enough to affect slightly the range of rifles.—Harper's Weekly

## PRINCETON'S OLD SUNDAY LAWS

Speaking of old customs at Princeton University, Dr. John B. Sturges of Springfield, Ill., who was seen at the Shoreham, said that the strict observance of Sunday laws was at one time one of the most important factors at the college.

"A hint that more luxurious habits were creeping into college life is found in the edition of the law issued in 1802," said Dr. Sturges, "where it is stated that no student shall employ any barber or hairdresser to shave or dress him on the Sabbath and also that no student shall keep for his use or pleasure any horse or riding beast, nor shall any student keep a dog or gun or firearms or ammunition of any kind. Ten years later the words sword, dirk sword cane or any deadly weapon whatever were added to the list of contraband articles and remained in the laws for several generations.

In the middle of the Nineteenth century a new rule appeared directed against horn apices, a form of undergraduate bedevilment of authority that had not been thought of in earlier days. At a preconcerted signal on a dark night, from behind a tree on the campus, the tooting of innumerable horns would suddenly break the silence. The din was hideous, and the college proctor, and often the vice-president himself would be kept pursuing the dodging fugitives. It was to stop this amusement that the law against the blowing of horns was put into operation.

"The college still forbids undergraduates to keep dogs in their rooms and they are not allowed to discharge firearms or kindle bonfires on the university grounds. It is a mystery where the scores of fox terriers and bull-pups, which seem to be the favorite pets of the modern undergraduate are kept and the din that echoes all around the campus during which is called 'Poker's process' at 9 o'clock in the evening during the examination period, signaling a few minutes respite from hard study in preparation for the tests of the next day, seems to indicate that there are exceptions to the rule against discharging firearms too numerous for the proctor to handle."—Washington Herald

## Pointed Paragraphs

A man is never his own worst enemy as long as he can keep his temper.  
Spending one's vacation offers a grand opportunity for spending one's money.  
Nobody worries more about the hereafter than people who say "It's all in a lifetime."  
There's one thing to be said in favor of summer. We have warmer friends then than we have in winter.  
Some men pay their bills with resignation, some others pay them with money, and a great many never pay them at all.  
There are two kinds of unhappy people in the world—those who are sad because they are not known, and those who are miserable because they are.  
No dinner is good that doesn't linger a little with its best course.  
Argument unsettles the temper oftener than it settles the point.  
Many a speech dwells longer in delivery than in the minds of the audience.

## DREXEL'S PERFORMANCE STARTS DISPUTE

Mr. Drexel's aerial performance was interesting not merely because he reached an elevation several hundred feet greater than that attained by Brookins a few weeks ago, but also because exceptional means have been employed for verifying his belief that he ascended 6750 feet above sea level. Mr. Drexel employed a barometer to measure height, but the instrument he used differed in form from the one in favor with mountain climbers. It is designed automatically to register changes in air pressure by leaving a trace on a sheet of paper especially ruled for the purpose and mounted on a slowly revolving cylinder. Now, a barometer which is perfectly accurate where the variations of pressure do not exceed an inch or so, as at a weather observatory, might be less trustworthy where the change to be recorded is much greater. If Mr. Drexel's instrument was carried up more than six

thousand feet the pressure must have fallen at least six inches. In order to determine whether it would tell a truthful story at that height, therefore, it has been sent for tests by experts to the Kew observatory.

In this proceeding can be found a valuable suggestion for other aviators and for judges in charge of public trials of aeroplanes and dirigible balloons. Altitude can be measured in several ways, but for various reasons the use of a barometer is to be preferred in aeronautic ventures. The apparatus can be inspected by disinterested persons immediately after a flight, and it involves less trouble than following an airship with a surveyor's telescope. When triangulation is resorted to it is necessary to keep an almost continuous watch, in order to determine the moment at which the greatest elevation is reached. Still, when large money prizes are to be awarded it is desirable to

have the trustworthiness of the barometer ascertained by competent persons. These can be found at the central office of the national weather bureau. Another precaution which it would be expedient to adopt is to lock the case of the instrument before a flight, the key being retained by the judges. Thus the possibility of tampering with the instrument while aloft would be precluded. The majority of aviators who care for their reputations would doubtless be glad to have both of these steps taken.

Mr. Drexel probably used an instrument in which the recording sheet is moved by a slow clock with provision of pressure. Now, if the aeroplane has come to rest, it might pay to develop a slightly different barograph. By imparting more rapid motion to the record greater precision might be secured. It is exceedingly doubtful whether there is today an instrument of this class which will perfectly record a fluctuation of pressure equivalent to a rise of 7500 or 10,000 feet.—New York Tribune

## 20 YEARS AGO IN OAKLAND

Mrs. L. E. Thane of Niles is in Oakland today, making an active canvass for the position of county superintendent of schools. She is qualified for the position by experience and education.

Miss Lizzie Boyer, who was formerly corralite in the First Presbyterian church in this city, is visiting friends here and tomorrow at the services will sing the offertory.

Miss Augusta Lowell, who was formerly organist in Dr. Hamilton's church, will play several selections on the organ tomorrow during Mr. Wendt's service, having kindly consented to do so in memory of old times.

Preparations are being made for the opening of the Golden Gate Fair Association at the Oakland Trotting park. The races will begin on September 1 and be continued until the 8th. The program is a good one and the 3d, 5th and 8th nights are to be devoted exclusively to running. Among the equine competitors are to be Senator Hearst's Sacramento, Kildare, Muta, Able, Tyson, Four Aces, Daisy D, Captain Al, Moses B. Serpentine and Ida Glenn.

McFadden has filed an objection with the city clerk to the confirmation of the commissioners' report in the matter of the opening of West street. He sets forth that the description of the property needed for the opening of the street is defective.

T. H. Downey is elected president of the Lathrop's Union for the next six months.

Marston Campbell of this city has been appointed assistant chief engineer of the state board of harbor commissioners. He is a son of F. M. Campbell.

The two teams of the Young Men's Christian Association will play a game of Rugby football this evening at 6:30 o'clock at the corner of Ninth avenue and East Sixteenth street.

Wind was blowing and at noon the mercury was in the 75 level.

The building of the (habot Woman's Home) will be dedicated next Wednesday. The growth and outlook for this philanthropy since it entered its new home are most encouraging.

A special meeting of the board of public works the bid of W. S. Saghorn for supplying hay and grain to the city was accepted. The bid of C. R. Allen for supplying coal was rejected as being excessive.

Poundmaster O'Connell has made a change in his deputies. The new appointees are Edward English and Richard Seguire.

J. C. Fashauer will be an independent candidate for the nomination for coroner. He has a strong following.

The estate of James A. Folger, deceased, is ready to be distributed to the heirs. Henry Wadsworth, B. F. Dunham and T. A. Coghill have filed their appointment showing the value of the same which amounts to \$499,444. By the terms of the will of the deceased, James A. Folger, a son of the deceased, receives \$10,000, Elizabeth B. Folger, daughter of the deceased, receives \$10,000, Dr. M. T. Folger, a son, \$10,000. The residue goes to the widow, who, after the expenses of administration have been defrayed, will receive about \$140,000.

H. F. Page, who represented this state for many years in Congress, died today in San Francisco. He was the first Californian who introduced an anti-Chinese resolution in Congress and it was during his first term there that he introduced a resolution to open negotiations with China looking toward the modification of the Burlingame treaty.

The walling place is a rather narrow paved alley between a whitewashed wall and a gigantic ancient wall formed of huge blocks of uncut stone, worn away, so it is said, by kissing lips. Weeds sprout in places in the numerous crevices and cracks. In the alley are wooden benches. The Jews, both men and women go there not only on Fridays, but on all the days of the week. Standing in rows close to the great wall, with their faces toward it and almost touching it, they read the Hebrew aloud, weep, bow, sometimes almost to the ground, often press their lips fervently against the blocks of stone. The women wear shawls and keep by themselves at the ends of the alley. The men cluster in the middle. Behind these mourners a blind Moslem, conducted by a Jew, often goes to and fro demanding alms from the onlookers. The walling place is in the Tyropoeon valley, and the great wall is at the west side of the temple area. Where is the Russian pilgrim never at glance at those who with their tears—at least is my experience of them—the Jews are often obviously aware of the interest their mourning broods. I have seen them peep furtively round to take observations, and return to their lamentations with what seemed a greater zest when they knew the eyes of strangers were upon them. Nevertheless, many of them really weep, pray with earnestness and rock their selves to and fro as if genuinely tormented. But the Jew is by nature actually aware of the things and people about him. The Russian peasant is not.—Centu

## TRUTH AS A NECESSITY

Tell the truth. It is a scriptural mandate, and embraced in every code of ethics published in historic times. But despite this ancient and universal authority there are those in these modern, revolutionizing times who believe "white lies" are tolerable and for the best.

Experience of today attests the need of truth. Baron Rothschild, one partner in the greatest financial institutions of the world, and member of a family presumed to have won wealth among all the channels of high finance, declares solemnly for absolute truth. He asserts that he makes it an assiduous study to tell the unvarnished, unadorned truth. Whatever the embarrassments or apparent present suffering, his rule will permit no exceptions. In business, society or church, he urges plain, simple truth.

and the aged man of a most valuable fund of experience say he finds this course the easiest to pursue after getting out of the habit of light profligation. The truth sustains itself and requires no elaborate support or defense. Consistency need never be studied when handling the truth. All the vexing problems of deciding when and where the exception is permissible and where real benefit might accrue from falsehood, are passed. And in top of these conventional comes the great self-improvement which gives confidence, serenity and poise. These and many other reasons are advanced as proof that religious teachings and hoary principles of society are fundamental with the human race, and apply to the present with the same force as any past period.—Portland Telegram

## Humorous Snapshots

### Husband Kills Man He Finds in Home

EUGENE, Ore., Aug. 23.—John Johnson telephoned to Eugene yesterday that when he returned from work this evening before he unexpectedly found E. S. Prindle, another rancher, in his home, and that as Prindle ran from the house he shot him in the head, death occurring instantly. Johnson declared his willingness to come to the county seat from his home at Maple Creek or wait until the officers arrived. The Sheriff and Coroner have gone to the scene.

### Celebrate Birthday of Champion Voter

NEWARK, N. J., Aug. 23.—The town of Essexville, near here, is this week celebrating the nineteenth birthday anniversary of Benjamin Cole, a retired farmer who holds the record for casting the greatest number of ballots. For sixty-nine years he has been a voter and since reaching his majority has never been absent from the polls on election day. He prides himself on being an independent in politics, but says he has voted Democratically most of the time.

## TRACTION COMPANY MUST CHANGE 'DEATH STRIP'

### City Council Scores Corporation for Failure to Increase Distance Between the Tracks

Impatient with the Oakland Traction Company over what was characterized at the meeting of the city council last night as the "dilatory methods of the company," a resolution was passed at the instance of Councilman A. P. Bilevator and Oliver Ellsworth demanding that the street car company forthwith fulfill its promise of many months' standing and widen the tracks on Broadway from Fourteenth street south. Bitter criticism of the company and its officials for not making good its assurance that the tracks would be widened and the "death strip" removed, was voiced by the councilmen when the matter was up last night.

#### SCORES NARROW STRIP.

"On or about the beginning of last April," said Bilevator, "the council took up this matter of widening the tracks. It had been dragging along then for years, and every day that the tracks were in the condition in which we still find them, they were a menace to life and limb of Oakland citizens, a peril to women and children, and a crime against the promise of safety within the city."

"At that time the attorney for the company made a plea that we should not force the matter as work was being done out further on Broadway and material ordered for the work had not arrived. They asked that it be deferred seven weeks, and we allowed them two months. That was about six months ago, and nothing has been done."

"It is an outrage that this condition of affairs should be allowed to continue. Only this afternoon I saw an old man narrowly escape being crushed by being caught in the death strip. The company has ordered material for the work, and it is coming, not by rail, but by ship. I think we have a right to demand that the work be completed. The company show its good faith in this matter. I move you that the city clerk be authorized to communicate with the company, asking that, nay, demanding that this work be done to the interest of the safety of the citizens of Oakland. There is no excuse for not doing the work. It will surely cost money, but everything of worth in this world costs money. We must insist that the company keep faith."

#### INSISTS ON WORK.

"I should like to amend that motion," interposed Councilman Ellsworth. "Make

it read that the company forthwith carry out its definite promise, which it has so far failed to keep. At any time, promised for the company that at this work would be commenced within a specified time, but nothing has been done."

The motion was carried unanimously. Some weeks ago notice was sent out that the Oakland Traction Company intended widening its Broadway road and that City Engineer Turner received word that he would be able to have a large supply of rock for the East Twelfth street dam in place of the grade he is now using. He has waited in vain for the material for the dam.

Fearing that the Oakland Traction Company will take up the new improved portion of Grand avenue for the proposed car line in Elmhurst and from the residents of the district into the mud on each side of the roadbed, he Elmhurst Board of Trade filed protest against the granting of a franchise to the company south of Broadway last night. The protest was signed by half a hundred residents of the district, and was referred by the council to the railroad committee, which has the franchise under consideration.

#### PROTEST IS MADE.

The protest reads as follows: "It has recently come to our knowledge that the Oakland Traction Company has been granted a franchise for a single-track car line on Grand avenue in out districts. We, the undersigned residents and taxpayers on Grand avenue, respectfully petition your honorable body to rescind the franchise for the following reasons: "Grand avenue has recently been macadamized to the street in the winter time is almost impassable if the traction company is to use the best part of the street and put property owners to the expense of removing the macadam from the street."

"In the second place, it is so soon to have sewers installed in that section of the street will interfere with sewers being placed in the proper place and the company will give us a reasonable service, and that the cars will be run until 12 o'clock at night, and that the franchise be granted for not less than 25 years, and that the road be operated by electricity and kept in good condition."

"ELMHURST BOARD OF TRADE"

## COUNCIL TAKES UP STREET WIDENING

Commissioners to Control the Improvement of Claremont Avenue.

Commissioners named in the regular manner for the widening of Vicente street will in all probability act as a "street" commission in the matter of widening of Claremont avenue, the project against the widening having been overruled at the last meeting of the City Council. The commissioners will serve without pay, if the request made by the council last night is complied with, and in consequence the burden of expense on the Claremont avenue property owners will be considerably lightened. The suggestion that this request be made was advanced by Councilman Harold Everhart, who has had the Claremont avenue widening under his supervision.

An ordinance was introduced last night appropriating \$2600 for the construction of sewer in the Sather tract. It was referred to the auditing and finance committee.

#### ASK STREET CHANGES.

A petition was received from the East Piedmont Heights Improvement Club asking certain changes in street names as follows:

1. Santa Clara avenue from its intersection with Lakeshore avenue, its intersection with Santa Ray avenue, to be known as Santa Ray avenue.
2. Santa Ray avenue from its intersection with Lakeshore avenue to its intersection with Vista avenue, to be known as Santa Ray avenue, North.
3. Santa Ray avenue, from its intersection with Vista avenue, to its intersection with Lakeshore avenue, to be known as Santa Ray avenue, North.
4. Santa Ray avenue, from its intersection with Lakeshore avenue, to its intersection with Vista avenue, to be known as Santa Ray avenue, North.

It was referred to the street committee.

A protest against severing Fourth avenue from College avenue at the intersection of Prospect avenue, Union street, McAdams street and Edith street, was referred to the street committee.

## Government to Sell Gunboat Bennington

VALLEJO, Aug. 23.—Rear Admiral Aaron Ward, one of the four aides for inspection appointed by Secretary Meyer under the new scheme of administration of the navy, visited at the Naval Academy yesterday for the purpose of inspecting the gunboats Bennington and Albatross and the torpedo boat destroyer Hopkings.

The navy department is considering a proposition to sell the Bennington, now obsolete, which has been out of commission since the explosion of her boiler tubes in San Diego harbor five years ago and of converting the Albatross into a floating barracks for men attached to submarine boats.

Rear Admiral Ward will report on these matters, and also will recommend the necessary repairs to the Hopkings, on which an explosion occurred several months ago.

## Angelinos Must Drink in View of Everyone

LOS ANGELES, Aug. 23.—Under a recently adopted ordinance, the police commission ruled last night that Los Angeles saloons must have a clear glass front and glass doors and no screens, so that any passer-by may have a full view of the interior. The commission also decided that free lunches may be served, but the so-called "commercial" lunch was tabooed.

## Felix Pedro of Alaska Is Buried at Fairbanks

SEATTLE, Wash., Aug. 23.—Advice just received from Fairbanks, Alaska, says: Services over the remains of Felix Pedro, aged fifty, the discoverer of gold in this camp, were held from the Catholic Church Sunday morning, July 24.

## FRANCE TO TEST AIRSHIP IN WAR

Big Success of the Aeroplane Skirmishes Leads to Plans for Further Trials.

PARIS, Aug. 23.—The striking success of the series of military airplane skirmishes and scouting maneuvers executed after the Rheims aviation meeting and during the big cross-country race just concluded has decided the French war department to undertake the test of air machines at the general army maneuvers on the plains of Picardy.

Two dirigibles, the Librie and the Colonel Renard, here in the disposal of General Planquet and General Munier, each to be accompanied by an aeroplane to act as scout and wind tester.

In addition the opposing generals will each have four aeroplanes under his command. The rules of the game are now being worked out.

#### RULES LAID OUT.

They will probably provide that any aeroplane which succeeds in reaching a dominating position, namely a superior altitude from which it could hold its rival at its mercy, will be considered to have put the other out of action; for the rest of the day.

NEW YORK, Aug. 23.—That a battalion of aeroplanes and dirigibles will take the place of cavalry in the army of the future is the conviction of Lieutenant Joseph Fitch, U. S. A., who has been assigned by the War Department to conduct a series of aeroplanes experiments with Glenn H. Curtiss at Sheepshead Bay.

## Human Ostrich Had Mania for Rating Everything in Sight

CAIRO, Ill., Aug. 23.—Before Frank W. Wilson, an advertising solicitor of St. Louis, here in a hospital yesterday he told the physicians he had swallowed several articles of a foreign nature and they had better put the X-ray at work. He was operated on Sunday night on the theory that he was afflicted with appendicitis. Three incisions were made in the man's stomach and, according to the physicians the following articles were removed:

One shoe button hook, lady's hat pin, three keys, one lead pencil, one belt buckle, one tin toy pistol, three nails (small), one needle, one thermometer.

Wilson, according to the physicians, had been in a depressed mental state for some time, during which he swallowed anything that he could get down his throat. He formerly lived here, but a few years ago he removed to St. Louis, where he was employed. He had been in the hospital for a month.

## Socialist Is Jailed for Street Fight

SALT LAKE CITY, Utah, Aug. 23.—G. Walker, a Socialist street orator, was arrested last night by the police on a charge of assault. The speakers for the Socialist party have been having open air meetings and one of them recently classified soldiers of the regular army as "hired assassins." This aroused some of the men from the Deguss and last night during a meeting some of the orators and a group of men were thrown at the speakers. A fight followed and Walker, with a companion, was arrested. Walker will be tried in police court. The Socialists have been particularly bitter against the police.

## 12 Stitches Taken in Wounded Man's Heart

NEW YORK, Aug. 23.—With twelve stitches in his heart, Samuel Harmer, a waiter, is resting comfortably today in a hospital here. He was wounded last night by a customer who objected to the quality of the soup he served.

The operation, which physicians say is the severest of its kind in the history of all surgery, was technically successful and it seems more than possible that Harmer will live.

**Swims Half Mile With a Broken Leg**  
NEW YORK, Aug. 23.—James Mack, a salesman, fell from a steamer gang plank last night and swam half a mile through the waters of Jamaica bay to land, with a broken leg.

The plank fell with him, partly stunned and broke his leg. The tide was carrying him farther from shore every minute when he regained consciousness. He was able to begin his fight for life. He suffered excruciating agony and collapsed when taken from the water, but he won.

**Oldest Stationers Firm Is Bankrupt**  
NEW YORK, Aug. 23.—A petition of bankruptcy has been filed by the firm of George W. Leman & Brother, said to be the oldest firm of stationers in the country. The firm was established nearly a hundred years ago by the late M. L. Leman, who was responsible for the invention of the first steel pens used in the United States.

**Senator Warner Not to Seek Re-election**  
WASHINGTON, Aug. 23.—Senator William Warner of Missouri announced last night in a statement addressed to the "Republicans of Missouri" that he would not be a candidate for re-election to the United States Senate. The Senator in his seventy-first year and for several months has not been in good health. The strain of the tariff session affected him seriously and the heavy work of the session recently ended did not tend to improve his condition. His term expires March 3d.

**New Marshal Is to Study the Klondike**  
SEATTLE, Wash., Aug. 23.—Advice just received in Seattle from Fairbanks says: To familiarize himself with the district and to determine his needs, Marshal Henry K. Lester left Fairbanks Monday, July 25 on the steamer Schwatka, en route to the Kuskokwim. At St. Michael he will transfer to the gasoline schooner Arvid, which will in turn transfer the passengers to the Lavelle Young, now on the Kuskokwim. With the marshal went the newly appointed deputy, Harry Siebe, and the new commissioner recently named by Judge Lyons, Dr. Green, formerly of Ester Creek, but more recently of the Innoko.

**Lottery Tickets Are Problem of Appraisers**  
NEW YORK, Aug. 23.—Lottery tickets, representing an investment of over \$10,000 form a considerable part of the estate of Mrs. Dina Thurnauer of this city, who died in Bavaria a month ago. The will, just filed for probate, were, brings up a knotty question of law, as to whether the appraiser can recognize the lottery tickets as taxable property.

## AUTOS PLAY IMPORTANT PART IN THE PARADE

MR. STEPHEN McIVER and MR. LEVINSON, grand marshal of the day, starting on a reviewing tour of the parade in a Maxwell Roadster.

## Over Three Hundred and Fifty in Line; Maxwells and Ramblers Are the Prize Winners

By J. A. HOULIHAN.

The automobile played an important part in the success of that most wonderful reception yesterday, according to the arrival of the first train over the new Western Pacific line. How different it must have been to the reception accorded the arrival of the first Southern Pacific train, when, as history tells us, even the mule and ox were the locomotive power of the pleasure vehicle. If by such name they could be described. And a still later event, also now marking an epoch in the history and growth of California was the initial incursion of the Santa Fe to bid for California business. Here again, although times had changed and improvements had been going forward at a rapid rate, was there any such a display as that which paraded the highways of Oakland yesterday?

A rough and conservative estimate from the figures which could be gathered places the number of automobiles in line as being over 350. Carrying the officials of the day were ten new, sleek and span Maxwells. In the lead was Mr. Stephen McIVER, local Maxwell representative, carrying Mr. Levinson, the grand marshal of the day. Following him came Mr. Hull with Mayor Vott and Mr. Charles M. Levey, general manager of the Western Pacific. Maxwell No. 3 carried Mr. Lomas of Western Pacific. The remaining seven cars carried the other leading railroad and representative men of the city.

This party formed the reviewing party of the parade and passed up and down Broadway in the center of the marches. After the parade had debanded the Maxwell party carrying the officials started on a sightseeing tour out and around Lake Merritt, thence to the high point on Piedmont hill, which, by the way, offered a magnificent view of the bay, the Golden Gate, San Francisco and the neighboring country for miles around.

Down through Pleasant valley and around to the Claremont Country club, through beautiful virgin forests, the distinguished officials were driven. A lunch was followed by addresses was the order here, after which the return trip was made to Oakland.

The Rambler was the prize winner for the largest number of cars entered, forty-four of them being in line. It was a splendid gathering and no little credit is due to Mr. Prager for the showing made by owners of Rambler cars which he represents. Fred Reed of the Levey finance Real Estate Company was a close contender with Mrs. Lind's prize winning Maxwell, his big Rambler touring car being beautifully decorated and attracting no little attention.

No car was the occasion of more comment than the battleship Rambler model at the wheel of which was Mrs. F. R. Prager. With her was a party of pretty young women.

Maxwells carried second prize for the largest number of cars in line, there being twenty-one of them, and Studebakers were third with fifteen. It was only at the very last minute that the Studebaker company decided to enter, therefore their showing is a remarkable one.

It was truly an automobile day. According to reports received from the big auto meet recently held at Point

## CAMPAIGN ORATORS NAMED FOR G.O.P.

Republican National Committee Selects Speakers to Take Stumps in Fight.

CHICAGO, Aug. 22.—At Republican congressional headquarters, Secretary John E. Overman made up a list of campaign orators.

Prominent Republicans who have been invited by the committee to take the stump include: Henry Cawson and Secretary John E. Overman made up a list of campaign orators. Congressman Nicholas Longworth and Ralph D. Cole of Ohio, E. J. Foster of Vermont, J. W. Fordney and Edward Denney of Michigan, W. C. Hawley of Oregon, M. E. Olmstead of Pennsylvania, Edward Vreeland of New York, E. J. Hill of East St. Louis, Rev. John Wesley Hill of the Metropolitan Tabernacle, New York, is on the list also. Congressman W. B. McKinley, chairman of the Republican congressional committee, is expected in Chicago today.

## Sebastopol Planning to Incorporate Fair

SEBASTOPOL, Aug. 23.—The success of the Sebastopol Gravenstein apple show here the first of the month was so great that the promoters have decided it would be wise to incorporate and give a show annually. For the purpose of considering the matter, as well as that of erecting a suitable pavilion for housing the show, and also developing new markets for the Gold ridge products, a mass meeting has been called for Thursday evening, September 1. It is proposed to incorporate with \$50,000 capital, which shall be divided into 10,000 shares at \$5 per value.

Balloon complexion comes from the bilious impurities in the blood and the fault lies with the liver and bowels; they are torpid. The medicine that gives results in such cases is HERBINE. It is a fine liver stimulant and bowel regulator. Price 50c. Sold by Wishart's Drug Store, Tenth and Washington streets.

Word has been received by the Pacific Motor Car Company that the directors of the Reno Motor Car Company decided last week to increase the capacity of the Canadian plant. Another 4000 cars have been purchased and a new two-story building, 90 by 100 feet, will be constructed of brick. It is also added that \$20,000 worth of machinery will be installed. The Pacific Motor Car Company reports the sale of a new four-cylinder touring car to Dr. E. F. Seneca of San Jose.

## FLEMING CONTEST REVIEWED BY COURT

Judge Ordered to Show Cause  
Why Exceptions Should Not  
Be Settled.

SAN FRANCISCO, Aug. 23.—The Supreme Court this morning issued an alternative writ of mandate to Superior Judge Waste of Alameda county ordering him to show cause why he should not settle the bill of exceptions in connection with the contest over the estate of the late John J. Fleming. This estate which has been the subject of considerable controversy is liable to be bitterly fought in the highest state tribunal.

### CLAIMS ESTATE

Fleming died January 18, 1907, and although several people made application for letters of administration to the public administrator, George Gray was placed in charge of the \$13,000 property. Later Ella Fleming Carter claiming to be a daughter of a half sister of the dead man, and representing also the children of a half brother in New Orleans, put in a claim for the estate. She claimed that the man's real name was Richard Carter and that he came from New Orleans. About the same time some people from Eureka claimed to be the children of John Fleming deceased, whom they said was a half brother of the decedent.

### SECURES NEW WRIT

The court determined that neither the New Orleans nor the Eureka relatives had any right and the estate was given by George A. Myers and his sister, who made it over to Judge J. S. St. Louis. Now Ella Fleming Carter, through her attorney, F. A. Berlin, has secured from the court the alternative writ. She claims that Judge Waste denied that she had any right to a settlement, and that he was acting in violation of his duty in refusing her the estate. The writ of mandate has been made returnable September 6.

## SUES TO RECOVER VALUE OF LAND

Man Institutes Action to Have  
Land Deal Overruled, Alleging  
Breach of Contract.

John P. Williams instituted suit this forenoon in the Superior Court against E. J. Pavert to have the purchase of a piece of property on Twelfth street by him from Pavert nullified. He wants a mortgage executed by himself and wife declared void as a preliminary note for \$500 nullified and the sum of \$7000 and interest returned to him. He recites that he bought the property on Pavert's promise that he would secure a tenant for Williams at a rental of \$100 a month for a period of five years if the latter would make the purchase. Williams says the purchase price of the property was \$16,500.

## Congratulate City On Advent of Line

Among the congratulatory telegrams received this morning by the Oakland Chamber of Commerce was that of F. M. Smith who sent the following message from New York to A. A. Denison, secretary of the chamber: "I regret I cannot be with you to join celebrating the successful completion of the Western Pacific railroad, which terminates in Oakland. Express my congratulations to that company, as well as the citizens of Oakland."

S. Ewell, president of the Marysville Chamber of Commerce addressed the following to President Walter S. Mackay, president of the Chamber of Commerce: "Congratulations to the terminal city Western Pacific just left Marysville. Great bunch, give them good time."

A. A. Denison has the following telegram from Conde Del Valle Salas, consul of Spain: "Sorry, impossible to attend invitation. My best wishes."

The telegrams of Consul Salas and S. Ewell were received yesterday.

## Police Hold Mother and Her Young Child

SAN FRANCISCO, Aug. 23.—Mrs. Margaret Nelson of 167 Blake street was arrested by the police on Broderick street for being intoxicated in a public place. A late hour last night when taken into custody, she was carrying her seven months old baby girl and the infant was sent to the Central Emergency Hospital while the officers took the mother to the city prison.

## Duke Abruzzi Denies He Visited Miss Elkins

MILAN, Aug. 23.—The Duke of Abruzzi authorizes a denial of rumors far and wide that he has renewed his acquaintance with Miss Katherine Elkins. He says he has not left Turin except for occasional automobile drives in the neighborhood and that he was there all the time it was alleged he was visiting Mrs. Elkins and her daughter in France and Switzerland.

## Knight Templar to Hold Business Session

BERKELEY, Aug. 23.—Berkeley Commandery No. 42, Knights Templar, will hold its next meeting Monday evening, September 5. A business session will be held, after which the order of the Red Cross will be conferred.

## Arrest Man Accused of Slashing Victim

SAN FRANCISCO, Aug. 23.—Detective Sergeant Regan this morning arrested Charles Samson, who was accused of having cut Joseph Rizzo of 430 Seventh street last Friday. He is booked at the city prison.

## JAILS ARE TABOO IN RELIGIOUS SECT

Christi Delphia Disciple Refuses to Take Oath As Juror.

Among those who offered excuses to Superior Judge Everett J. Brown this morning, why they should not be required to serve on the new jury panel, was Joseph S. Glaser. He is a member of a religious sect known as the Christi Delphia and stated that under its tenets he could not perform the duties of a juror.

"Why?" asked Judge Brown. "We do not believe in taking the oath," replied Glaser. "Then the clerk will administer the oath to you and you will affirm it," directed the court.

The clerk repeated the oath but Glaser not only did not affirm that he would tell the truth, but the whole truth and nothing but the truth, but he even refused to raise his right hand.

This is a queer religion of yours," said Judge Brown, with a considerable show of impatience. "What do you believe in?"

"We do not believe that anybody has a right to sit in judgment upon his fellow man. Neither do we believe in depriving persons of their liberty."

### NOT EVEN GUILTY.

"Not if they are found guilty of crime under the law," asked Judge Brown. "That is our doctrine, sir," was the rejoinder.

"Your church ought to be transported to Alaska," interposed Assistant District Attorney Hynes, and then Judge Brown asked:

"Then you have no respect for the law, is that true?"

"You are asking the question by saying that there were plenty of other citizens who did not believe as he did to act as jurors."

"That is true," said the Assistant District Attorney, but what on earth would the government do if we all believed as you do?"

Then there would be no need of laws, prisons and courts. Everybody would live in complete accord with each other and there would be no wrongdoing—no crime."

"You are accused," impatiently injected Judge Brown. "Men of your caliber can be of no use here and I take it of little benefit to the community in which they live."

## CONVEYS PROPERTY TO SPRING VALLEY

Step Towards Completion of  
Long Pipe Line Is  
Taken.

Another step toward the completion of the Spring Valley Water Company's pipe line from its water sheds in the vicinity of Niles Cone to San Francisco via Newark and Dumbarton Point was taken this morning when the Southern Pacific Company filed four deeds of easement with the County Recorder, conveying to the water concern strips of land along its right-of-way, varying in width from fifteen to twenty-five feet, from a point near the town of Niles to Newark.

Spring Valley's pipe line to San Francisco from the Niles Cone water sheds follows the Southern Pacific right-of-way to Dumbarton Point and the conveyances recorded today make it possible for Spring Valley to complete the line from the water sheds clear through to the bay, the last gap being that covered by the deeds.

## Catholic Women Play Whist Tournaments

BERKELEY, Aug. 23.—The first of a series of whist tournaments will be held at the Catholic Ladies Aid society at Native Sons' hall Thursday night. The parties will continue until December, the object being to raise funds for the work of the society, clear through to the bay, the last gap being that covered by the deeds.

## Maccabees Arrange Whist Tournament

BERKELEY, Aug. 23.—Knights of the Maccabees have arranged to hold a whist tournament and social dance at Bonita hall, Berkeley, on the evening of August 25. The arrangement committee consisting of F. W. Seavery and A. A. McFarland have planned to make this one of the most successful affairs given by the Maccabees during the year.

## Kansas City Banker Drops Out of Sight

SAN FRANCISCO, Aug. 23.—The police of the principal cities of the country have been notified to search for Julius F. Rochau, cashier of a bank in Kansas City, who disappeared July 2. Rochau is possessed of the information that his bank was in financial difficulties. His relatives are very anxious to locate him.

## Dr. Hadlock Will Give Passion Play Lecture

BERKELEY, Aug. 23.—A stereopticon lecture on the Passion Play will be given Monday night at Wilkins hall by Dr. Edwin Harvey Hadlock. The lecture is for the benefit of the American Educational Association.

### WAS 15 WHEN WED.

Complaining that she was not yet 15 years of age when she was married to Oscar Hampton in San Francisco on the 1st day of February, 1907, Eva Hampton applied this morning to the Superior Court for the annulment of the nuptial contract. She says that the marriage was contracted without the consent of her parents. Her maiden name was Eva Weiss.

### SAYS SHE LEFT HIM

Peter A. and Amanda R. Lunda were married in San Francisco in 1894 and in his complaint for a divorce filed today in the superior court the husband charges that his wife deserted and abandoned him four years afterwards.

## POLICE TO SEE TABLOID DRAMA

"Third Degree" Is Portrayed  
On the Orpheum Stage.

Tomorrow Wednesday evening will be "Police night" at the Orpheum, several of the officials of the Oakland police force having arranged to see a presentation of the tabloid drama now being played there. Captain Peterson and Captain Lynch will each play host to a large box party.

Not a day goes by but in some city in this country the process known as the "third degree" is worked by the police in extracting information from persons under suspicion of crime. Certain persons high in the circles of the reformers have condemned this method claiming that suspects are put through a sort of inquisition of mental or physical torture until they confess a crime of which they may or may not be guilty. Police officials on the other hand call attention to the handicap under which they are always working.

A striking demonstration of the working of the third degree is given in the sketch now being played at the Orpheum. "The Police Inspector and unusual interest is being manifested not only by those who enjoy a complete, absorbing and unusual police story, but by the police officials of Oakland, to whom it appeals strongly."

## Americans Purchase African Territory

Greater Part of Angheria Country  
Taken Over by United  
States Interests.

TANGIER, Morocco, Aug. 23.—A report that the greater part of the so-called Angeria country, the region in the extreme northwestern part of Africa, occupied by the Angeria tribesmen, has been purchased by American interests has aroused great excitement in diplomatic circles here. The territory not only has vast interests from the standpoint of capitalists wishing to exploit its natural resources but politically and strategically it is immensely important.

It has a forty mile coast line on the Mediterranean, stretching from Tangier to Jebel Musa facing the rock of Gibraltar across the Straits of Gibraltar and considered strategically equal to the British mountain fortress.

## CHARGES DESERTION

Mary V. Fuller applied today to the superior court for a divorce from E. P. Fuller on the ground of desertion. The couple were married at Atlanta Ga. in March 1907 and Mrs. Fuller declares in her complaint that just eight days after Fuller led her to the nuptial altar he disappeared.

## Feel So Sore Couldn't Walk Down Stairs—

TIZ Cured Her Quick.

If you have sore feet, tired feet, swollen feet, tender feet, smarting feet, corns, callousness or bunions, read what happened to Mrs. Crockett. "After the second time she walked downstairs one foot at a time. She has not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what aches your feet or what under heaven you have used without getting relief just use TIZ. It is different. It acts right off. It cures so fast. There is nothing on earth that can compare with it. TIZ is for sale at all druggists. 25c per box or direct if you write to Walter Luther Dodge & Co., Chicago 10. Recommended and sold by The Oak Drug Company.

MERCED, CAL.

## STONE INQUIRY IS FIELD OF BATTLE

Attorneys Look for Efforts to  
Injure Case of Their  
Clients.

WASHINGTON, Aug. 23.—The first authentic confirmation of the succession of Gen. Juan J. Estrada to the presidency of Nicaragua came to the State Department today in the form of a cablegram from General Estrada himself.

Estrada said the first official act of the new president was to assure the American people of the warm regard for them by the victorious party and the eagerness of necessity to make restitution for the killing of Canann and Groce, the two Americans executed under Yelavaz rule.

## Hurled Into Boiling Asphalt by Auto

Man Narrowly Escapes Death  
When Struck by Speeding  
Machine on Street.

Struck by a speeding automobile and hurled headfirst into boiling asphalt, Antonio de Cruza, a laborer for the Ransome-Crummey company, was seriously injured this afternoon while at work on the bluingizing of the car tracks and roadbed on Twentieth street between Twentieth and Twenty-first streets. He was rescued by his fellow workers from the boiling asphalt and hurried to his home at 734 Linden street where he was given medical attention. The hot street pavement had clung to his flesh and inflicted a number of very dangerous burns.

The accident happened this afternoon while the man was at work on Twentieth street. An automobile coming toward Oakland was forced to leave the roadway by a team and bor down upon the man striking him before he had time to jump from its path. He was hurled fifteen feet into a pile of asphalt that had just been removed from the big heating tank.

The number on the machine is 1950 showing that the owner is J. C. Evans of 1215 East Twenty-third street. No report has been received as to whether Evans was driving his own machine at the time of the accident. It is not thought that the injuries received by De Cruza will prove fatal.

## Mrs. Jack Cudaly Sues for Divorce

Woman Who Figure in Jere  
Lillis Episode Asks Separation From Husband

KANSAS CITY, Aug. 2.—Mrs. Jack Cudaly filed papers in her divorce suit against J. P. Cudaly son of the millionaire packer in the Circuit Court here today. Incomprehensible to her, she is alleged to have been the victim of a child's prank when General John C. Cowin of Omaha father of Mrs. Cudaly.

## Nine Hundred Pupils Are Menaced by Fire

Drill Empty School in Less  
Than Minute and Depart-  
ment Puts Out Blaze

SAN FRANCISCO, Aug. 23.—A fire which broke out this afternoon in the row of flats at 175 Fair O street, threatened the nine hundred pupils of the Grammar School. The fire broke out in the building on the first floor. The department responded in two alarms extinguishing the blaze with about \$10,000 loss.

## H. S. Bruner Buried by Berkeley Masons

BERKELEY, Aug. 23.—Funeral services for H. S. Bruner, who dropped dead in Oakland Saturday were held this afternoon at the Masonic Temple. During the service, H. S. Bruner and A. M. being in charge. Bruner was a member of the Tri-Union lodge, No. 210 of San Jose.

## Thieves Pay Social Visit; Steal Clock

SAN FRANCISCO, Aug. 23.—While Mrs. A. Shook of the Clement street was washing clothes in the rear of her home yesterday two men called to see a roomer. She let them in and in a returned to her work. Later she discovered that a valuable mantel clock had been stolen and inquired of the fact that the visitors were ex-convicts. Their names and description have been furnished to the police.

# No Other Beer

is quite like Pabst Blue Ribbon.

Not only has it won the World's blue ribbons for Purity and High Quality, but it has a characteristic flavor and agreeable smoothness that belongs to it alone.

## Pabst Blue Ribbon

The Beer of Quality

is the favorite not only with those who are familiar with Pabst brewing methods and Pabst quality, but with thousands who prefer it because of its distinctive and pleasing taste.

When you order Pabst Blue Ribbon, note its beautiful amber color, note its clearness no matter how cold, note its rich, creamy foam and its delightful flavor—all evidence that it deserves its title of "The Beer of Quality."

Made and Bottled Only by Pabst at Milwaukee.

Phone for a case for home use.

Thos. W. Collins & Co.  
461-465 11th St.  
Tel. Oakland 1993

# COALING WELLS INCREASE OUTPUT LAKEVIEW OUTPUT

Activity of the Big California  
Fields Grows Apace With  
New Season.

COALINGA, Aug. 22.—Recently well No. 2 of the Arizona Petroleum Company owning a large tract of valuable oil ground in the Coalinga field, made the extraordinary increase in production of from about forty barrels to better than 130 barrels daily.

Since the well was brought in about eleven years ago, production of about forty barrels daily had been maintained and the sudden jump to more than three times that amount is gratifying to the management and those interested financially in the company. Such changes are not uncommon, and go to show that the productive stratum in this territory can be depended on for the least the initial production of a well for many years to come. The increase in production is attributed to something in the sand stratum, as with continuous operation of a producing well the sand is loosened up, thus making the flow of oil more free. The increased production noted in the Arizona Petroleum well No. 2 is more marked than has been observed in any other well in this district.

## NEW DERRICK FOR MOHAWK.

The Mohawk Company is having a fine new derrick erected on the site of its well No. 2, the old one, which was placed on the ground to complete assessment work, having been taken down.

The hole at this well is down to a depth of 1850 feet in 12 1/2 inch casing. Drilling will go forward as soon as the new derrick is erected.

Good progress is being made at wells No. 3 and 4, the latter being down 2000 feet and the latter 1675 feet. Ten-inch casing is being used in No. 3 and 15 1/2 in No. 4. A steady production of more than 750 barrels per day is being maintained at well No. 1, which came in during March last, as a gusher and until given up, it produced at the rate of 6000 barrels.

At the Pulverders Oil Company's property on section 2-16-21, a combination rotary and standard well is being erected. Operations will be commenced here as soon as the machinery is in place. George K. Anderson has charge of the operations on the property and has instructions to push the work with all possible speed.

The ground of the Pulverders is among the choicest in the district.

## PROSPECTUS BONDED.

## INDIANA CITY IS NATION'S CENTER

Columbus Seat of Population  
of United States; 90,000,-  
000 May Be Count.

WASHINGTON, Aug. 23.—Columbus, Ind., is still the place nearest the "center of population" according to census returns.

Only a small percentage of the total population has been announced. The census states are holding their own to such an extent as to indicate that the pull of the West has not been sufficient to disturb greatly the present equilibrium.

The Eastern growth is attributed to the development of manufacturing enterprises along the Northern Atlantic seaboard. The increase in Oklahoma amounts to 19 per cent. Rhode Island with her 35.4 per cent gain is believed to be considerably above the average. If the Rhode Island increase should be maintained the country would show a total of 90,000,000 people whereas only about 90,000,000 are counted on.

## COMRADES BURY CIVIL WAR VET

Remains of David Critchlow  
Are Taken to Last  
Bivouac.

The funeral of David Critchlow a veteran of the Civil War who served as a member of Company K Fifty-eighth Regiment Indiana Volunteer Infantry took place yesterday afternoon at 2 o'clock from the parlors of Julius S. Godeau in Franklin street under the auspices of Loyal Post No. 8. A. O. U. of which he was a member. Rev. Dr. F. I. Goodspeed conducted the services at the parlors and the Grand Army services were held at the cemetery by the post commander and comrades.

Critchlow was for many years a noted tenor singer accompanying Sam Small and other evangelists and leading large audiences.

## Club Members Build Bridge Across Creek

HAYWARD, Aug. 23.—That the motto of the Oro Loma Improvement Club is "Do as you would be done by" was evidenced last week when after repeated agitation on their part to construct a bridge across San Lorenzo Creek at the foot of Hazel avenue the members themselves shouldered the responsibility of the work and after an afternoon of labor constructed a two foot swinging foot bridge across the stream thus giving residents on the other side access to the central business district of Hayward.

The bridge also makes the suburban electric line much handier to the residents of the Boulevard district as now it is only a walk of three blocks instead of a half a mile or more. The work was done under the direction of Harry Rice J. M. W. Pope and Charles Fiel.

## DESPERADO IS HIS NAME

Frenchman Merits His Title  
by His Rash Act With  
Big Circus.

The latest circus sensation is next door to suicide. It was conceived and is being carried into execution by Desperado a Frenchman whose name fits him to a nicety. He is the piece de resistance for all morbid minded circus goers. He will be seen in Oakland at Forty-second and San Pablo on Sunday and Monday September 4 and 5 with the Barnum and Bailey Greatest Show on Earth.

Desperado's act consists in throwing himself from the highest point in the dome of the main tent to the hippodrome track where he lands on his unprotected chest. The absence of any kind of apparatus other than a simple sled three feet high and made of slender strips of polished birch adds to the terrifying performance the semblance of sure death. But evidently Desperado could not commit suicide by this popular method unless he mounted Pike's Peak or the spire of the New York Metropolitan Life building.

The act is not unlike a leap from the roof of an ordinary five-story building. Imagine that and some idea of the latest circus thriller may be had. One begins to realize the danger of the feat when Desperado nimbly climbs the rope ladder to his lofty perch. It is bad enough to leap from such a height to a net or a tank of water but this Frenchman has nothing between him and the River Styx but a few fall strips of wood close to the ground.

The spectators wish the act were over yet he cannot avert his eyes because of the grim fascination it holds for him. It is a moment of supreme suspense that one never recalls without chills and violent heart beats. People try to close their eyes when the man leaps but they can't. It holds them prisoners by its ghastly attraction. When the Frenchman strikes the sled it is a shock to the audience. Nerves strain in the snapping point. Breath comes in gasps. But the next instant the man stands at the side of the sled unhurt and smiling.

## MRS. STARBUCK TO BE WITNESS

Inquest Into Triple Murder at  
Cazadero Called for  
Next Friday.

SANTA ROSA, Aug. 23.—District Attorney Clarence F. Lee has set next Friday for the continuance of the inquest into the cause of the death of Enoch and Eura Kendall, and their son Thomas Kendall who are believed to have been murdered on the Starbuck ranch near Cazadero by Henry Yamaguchi a Japanese, about Sunday, July 25. The inquest was begun at Cazadero during the first week of August after the bodies had been discovered and will be continued in this city.

A number of witnesses have been summoned but only those an essay to make a legal case against the Japanese will be brought here. Mrs. H. Starbuck who said Yamaguchi confessed to her that he had "killed" the Kendalls will be a witness, as will Deputy Sheriff Ernest Trosper of Cazadero who was so materially assisted in securing the evidence connecting the Japanese with the case.

SEEK YAMAGUCHI

Justice of the Peace F. D. Trosper of Cazadero and W. A. Co. kill a hunter who discovered part of the remains on the ranch will also be among the witnesses summoned.

It is confidently believed that the coroner's jury will return a verdict of triple murder committed by Yamaguchi the Japanese.

Printed descriptions with a good likeness of the suspect have been sent to every sheriff, chief of police, marshal and constable in California, and to every sheriff's office in Washington, Oregon, Idaho, Nevada and Arizona.

Coroner Frank L. Blackburn was today appointed administrator of the estate of Enoch and Eura Kendall. He is in his official capacity a public administrator.

## WOMEN BATTLE WITH BIG FIRE

Five-year-old Girl Plays With  
Matches and Starts Very  
Destructive Blaze.

CORTE MADERA, Aug. 23.—Playing with matches on the porch of her aunt's home, a five-year-old Viola Andrews started a fire yesterday that completely destroyed the residence of her aunt, Mrs. Robert Kendall together with the home of Mrs. Mary Rieger and Mrs. Jules Rodat of San Francisco.

Catching ablaze from a burning pile of clothes, the fire spread to the house. The flames a bucket brigade composed of the women of the neighborhood was organized by Mrs. Rea. She worked like a veteran fireman to stop the spread of the flames. The carried water in relay, and a splendid aid in fighting the fire.

An alarm brought the fire department from Mill Valley. Larkspur, San Anselmo to the scene and the fire was extinguished.

At one time it looked as if several other residences would catch fire but the work of the women fire-fighters prevented this.

Those who aided Mrs. Rea in the bucket brigade were Mrs. J. S. de Luey, Mrs. Weav, Mrs. R. Stephens, Mrs. Kinney, Mrs. Hen, Ork, Mrs. Benny Cogwin, Mrs. L. Voorhies, Mrs. Charles Wilson and Miss Anna Butler.

FOLEY KIDNEY PILLS

Tonic in quality and action quick in results. For backache, headache, dizziness, nervousness, urinary irregularities, indigestion. Sold by Wishart's Drug Store.

LOS ANGELES, Aug. 23.—Mrs. Lydia Healy Sharpless celebrated her 100th birthday yesterday in the parlors of the little Quaker church at Whittier. Fifty descendants among them twenty great-grandchildren helped her enjoy the day. The centerpiece of the picnic table was a birthday cake on which 100 candles burned.

Mrs. Sharpless said her father lived to be more than 100 years old. Her husband to whom she was married in 1836 died eleven years ago.

## NORTHERN FOREST ROARING FURNACE

Entire Shoshone District Still a  
Mass of Roaring  
Flames.

SPOKANE, Wash., Aug. 23.—The entire Shoshone district in the northern panhandle of Idaho is still a roaring furnace of flame. Fanned by a forty-mile wind, the hurricane of fire is sweeping an ever-widening pathway of destruction across the Bitter Root mountains into western Montana.

Within a radius of 100 miles of the half-destroyed city of Wallace more than fifty persons have been burned to death with 100 to 200 missing. Two hundred persons are severely injured while thousands of mining camps and ranches have either been laid in ashes or abandoned to the flames. Thousands of persons are homeless.

**MANY ARE MISSING**  
Definite reports are so meager the danger so great and the fire swept area so vast that it is difficult to more than approximate the loss of life.

In Wallace the death toll is twenty-three while more than 100 were injured. Thirty men out of a crew of forty-seven fire fighters in charge of Forest Ranger Lee Hollingshead are missing and believed to have perished Sunday night when their camp on Big Creek a tributary of the St. Joe river, burned miles from Avery, Idaho was swept by flames.

In the hills near Sand Point Idaho, Forest Ranger Van Dyke and a crew of six fire fighters are reported surrounded by flames. A woman and her daughter perished at Cabinet Idaho. Five and perhaps more are known to have died near Newport, Wash., in an attempt to reach the town.

**Celebrates Century  
Mark of Her Life**

## FORTY-FIVE YEARS IS BANDITS' DOSE

Men Who Held Up Mail Train  
at Goodyear Get Stiff  
Sentence.

FAIRFIELD, Aug. 23.—Forty-five years in the penitentiary was the sentence meted out today by Superior Judge Buckles to Charles Dunbar Bishop and Joseph C. Brown the two men who confessed to holding up and rifling the mail of the China-Japan fast mail at Goodyear seven weeks ago. Bishop was sentenced to spend his time in Folsom Prison while Brown will be taken to San Quentin.

The men were brought into court this morning and without the least show of nervousness, pleaded guilty to the charge of robbery placed against their names. The Court then stated that he was convinced that they were criminals of the first water and that they deserved no leniency. The limit he stated, was not too good for them but he believed that forty-five years would serve the ends of justice.

**Declares Virtuosos  
Expert Smugglers**

NEW YORK, Aug. 23.—Collector William Loeb Jr. has resorted to a new method to defraud the government of customs duties. Information has been laid before him showing that in the last fifteen years fully fifty violins brought to this country by virtuosos as a tool of trade and admitted duty free have since been sold at prices ranging from \$600 to \$1000.

The customs duty on violins is 45 per cent ad valorem and the collector estimates that the loss to the government will approximate \$30,000. He has hopes, through the catalogues of well known instruments which are everywhere kept by dealers of tracing most of the instruments recently imported.

To keep your health sound, to avoid the ill of advancing years, to conserve your physical forces for a ripe and healthful old age guard your kidneys by taking Foley's Kidney Remedy. Sold by Wishart's Drug Store.

CHICAGO, Aug. 23.—One of the heaviest rain storms of the year, accompanied by a wind of almost hurricane velocity, prevailed in Chicago and vicinity early this morning. At 2:30, it is estimated, the wind blew at a rate of more than 60 miles an hour tearing down signs, uprooting trees and demolishing a number of small wooden structures in outlying districts.

Much damage was done by the heavy rain, sewers being choked and many basements flooded. There was a drop of 12 degrees in temperature in less than an hour.

## ADVOCATE TRAINING SCHOOL FOR GIRLS

Probation Committee Women  
Will Speak for New  
Establishment.

Mr. C. S. Chamberlain, one of the probation committee of Alameda county, will address a special meeting of the Child Welfare League this afternoon in support of the establishment of a separate training school for wayward girls. Mrs. Chamberlain who is conferring with the probation committees of every county in the State seeks the endorsement of the League for the project. She is endeavoring to gain the support of all the state juvenile officials in asking the next Legislature for an appropriation sufficient for the establishment of training schools and farm for delinquent girls.

The proposed school is to take the place of the departments that at present are reserved for the girls in the reform schools. Mrs. Chamberlain is communicating with the officials of such schools in twenty other states with a view to ascertaining the laws that govern the institutions.

The Child Welfare League is upon the whole favorable to the project and confidently expect that hundreds of other child workers in the State will join with them in asking the Legislature for an adequate appropriation for the establishment of the school.

## Gale and Downpour Sweep Windy City

CHICAGO, Aug. 23.—One of the heaviest rain storms of the year, accompanied by a wind of almost hurricane velocity, prevailed in Chicago and vicinity early this morning. At 2:30, it is estimated, the wind blew at a rate of more than 60 miles an hour tearing down signs, uprooting trees and demolishing a number of small wooden structures in outlying districts.
